HELPLINE SUCCESS STORIES

"I had been denied by eight insurance companies before calling into UHCAN Ohio's Helpline. I was sure they were not going to be able help me find quality insurance coverage with my pre-existing condition. Boy was I wrong! Now that I have coverage, I feel like a million bucks instead of owing a million bucks!"

"At my income, my children qualified for Medicaid, but I did not. I thought there was no hope for me to have a primary care doctor. Now I can receive regular check-ups at a price that I can afford!"

"I was unemployed and uninsured and needed some painful teeth pulled. UHCAN Ohio informed me that at my income level, I qualified for some free dental services in my area. The folks at the clinic not only pulled my teeth for free, but they were some of the kindest people I have ever met. Today I am pain free!"
