

Town Hall Meeting—Affordable Care Act

During the February Congressional recess, Congress will not be in session. Legislators will return to their districts to meet with their constituents.

But few members of Congress have scheduled town halls or other events that will let them hear from their constituents about why the Affordable Care Act is important to Ohioans.

That's why we're hosting a town hall meeting to give you a chance to speak out about health care.

Hear from experts about what's at stake if your health care is repealed. We will also share the questions you should ask when Republican members of Congress finally share their plan.

When: Tuesday, February 21
6:30—8:00 PM

Where: First Congregational Church
Parish Hall
444 E Broad St., Columbus

Parking: Parking to the west of church. Entrance for people with disabilities behind the church on the side closest to the Columbus Museum of Art

Tell your story. Do you have a story about how you've been affected by the Affordable Care Act or Medicaid expansion that you want to share? Get in touch at info@uhcanohio.org or 614-456-0060 ext. 228.
